

Uganda recognises Sikh Contribution.

Amazing that Kenya, Uganda and Canada recognized the contributions of Sikhs to their society and country as a whole. Sikhism being the fifth largest religion in the world .. and its tremendous sacrifices throughout its existence and the World Wars, and yet no one even knows who we are. When one drives and sees those 10 or 12 religious-symbol bumper stickers – one never sees the Khanda or Nishan Sahib or Ek Om Kar with those symbols. What a shame!

Sikh Centenary Celebrations in Uganda

Members of Posta Uganda and the Sikh Community at the launch of the Postage stamps issued by Posta Uganda

UGANDA witnessed 100 years of Sikh centenary celebrations which was commemorated by the issuance of four postage stamps by Posta Uganda and a release of the book under the title “The Human Rights of Women in Sikhism” by Justice A.S. Choudry. The function was held at Resort Beach Hotel, Entebbe, on January 17.

The four stamps depicted the Sikh Gurdwara on Sikh Road Kampala, the Khanda, the Nishan Sahib and the Golden Temple in Amritsar, Punjab (India). *The set of four stamps made history as it is the first time any country in the world has issued four triangular stamps in recognition of the contribution of the Sikh community.*

The stamps were released jointly by Posta Uganda and invited members of the Sikh community with the chief guest being High Court Judge Lady Justice Catherine Bagumeriere.

The head of Posta Uganda Emmanuel Okurt said that the triangular stamps will market Uganda further especially to Asians in the Diaspora. Justice Choudry said, “I am thrilled and humbled to see these stamps as they give us a seal of our existence in Uganda for the past 100 years in recognition of the contribution of our forefathers who were the pillars of the economic and social development of Uganda which we enjoy today.” Justice Choudry also edited the Sikh Centenary Magazine.

Pastor Bosco Odiro said that the Sikh history and contribution should be reflected in the curriculum of school history books and in reply *Lady Justice Catherine described the Sikh as meek, humble and peaceful community that has existed alongside Ugandans without any conflict. She added that their character should be emulated by all foreigners in Uganda.* She assured the audience that she will present the concern raised by Pastor Bosco to the Ministry of Education for study of the Sikhs in the schools.

The Sikhs came to East Africa in the 1880s as soldiers who offered their skilled and semi-skilled labour at a time when East Africa had no infrastructure and had curbed Kabaka’s mutiny in 1899.

About 40 names of recipients of the Sikh Centenary Gold medals were announced. The medals will be awarded at gala function at the end of the year.

The participants at the function included Gurmel Singh, Secretary General of Sikh Council UK, and Baldev Singh Bains, a member of Sikh Council.
