

Finally Good News For Diabetes.

A woman (65) was diabetic for the last 20+ years and was taking insulin twice a day. She used the enclosed homemade medicine for a fortnight and now she is absolutely free of diabetes and taking all her food as normal including sweets.

The doctors have advised her to stop insulin and any other blood sugar controlling drugs.

I request you all please circulate the email below to as many people as you can and let them take maximum benefit from it.

AS RECEIVED :

DR. TONY ALMEIDA (Bombay Kidney Speciality expert) made the extensive experiments with perseverance and patience and discovered a successful treatment for diabetes. Now a days a lot of people, old men & women in particular suffer a lot due to Diabetes.

Ingredients:

- 1 - Wheat grains 100 gm
- 2 - Gum(of tree) (gondh) 100 gm
- 3 - Barley 100 gm
- 4 - Onion Seeds (kalunji) 100 gm

Method of Preparation:

Put all the above ingredients in 5 cups of water.

Boil it for 10 minutes and put off the fire.

Allow it to cool down by itself.

When it has become cold, filter out the seeds and preserve water in a glass jug or bottle.

How to use it?

Take one small cup of this water every day early morning when your stomach is empty.

Continue this for 7 days.

Next week repeat the same but on alternate days. With these 2 weeks of treatment you will wonder to see you have become normal and can eat normal food without problem.

Note:

A request is to spread this to as many as possible so others can also take benefit out of it.

SINCE THESE ARE ALL NATURAL INGREDIENTS, TAKING THEM IS NOT HARMFUL. SO THOSE WHO ARE SCEPTICAL ABOUT THIS TREATMENT MAY STILL TRY IT WITHOUT ANY HARM.
